

Buyer Profile Screen

Buying Buddy is Real Estate Matching System. Buying Buddy simplifies and structures the search process for buyers in the Residential Real Estate market.

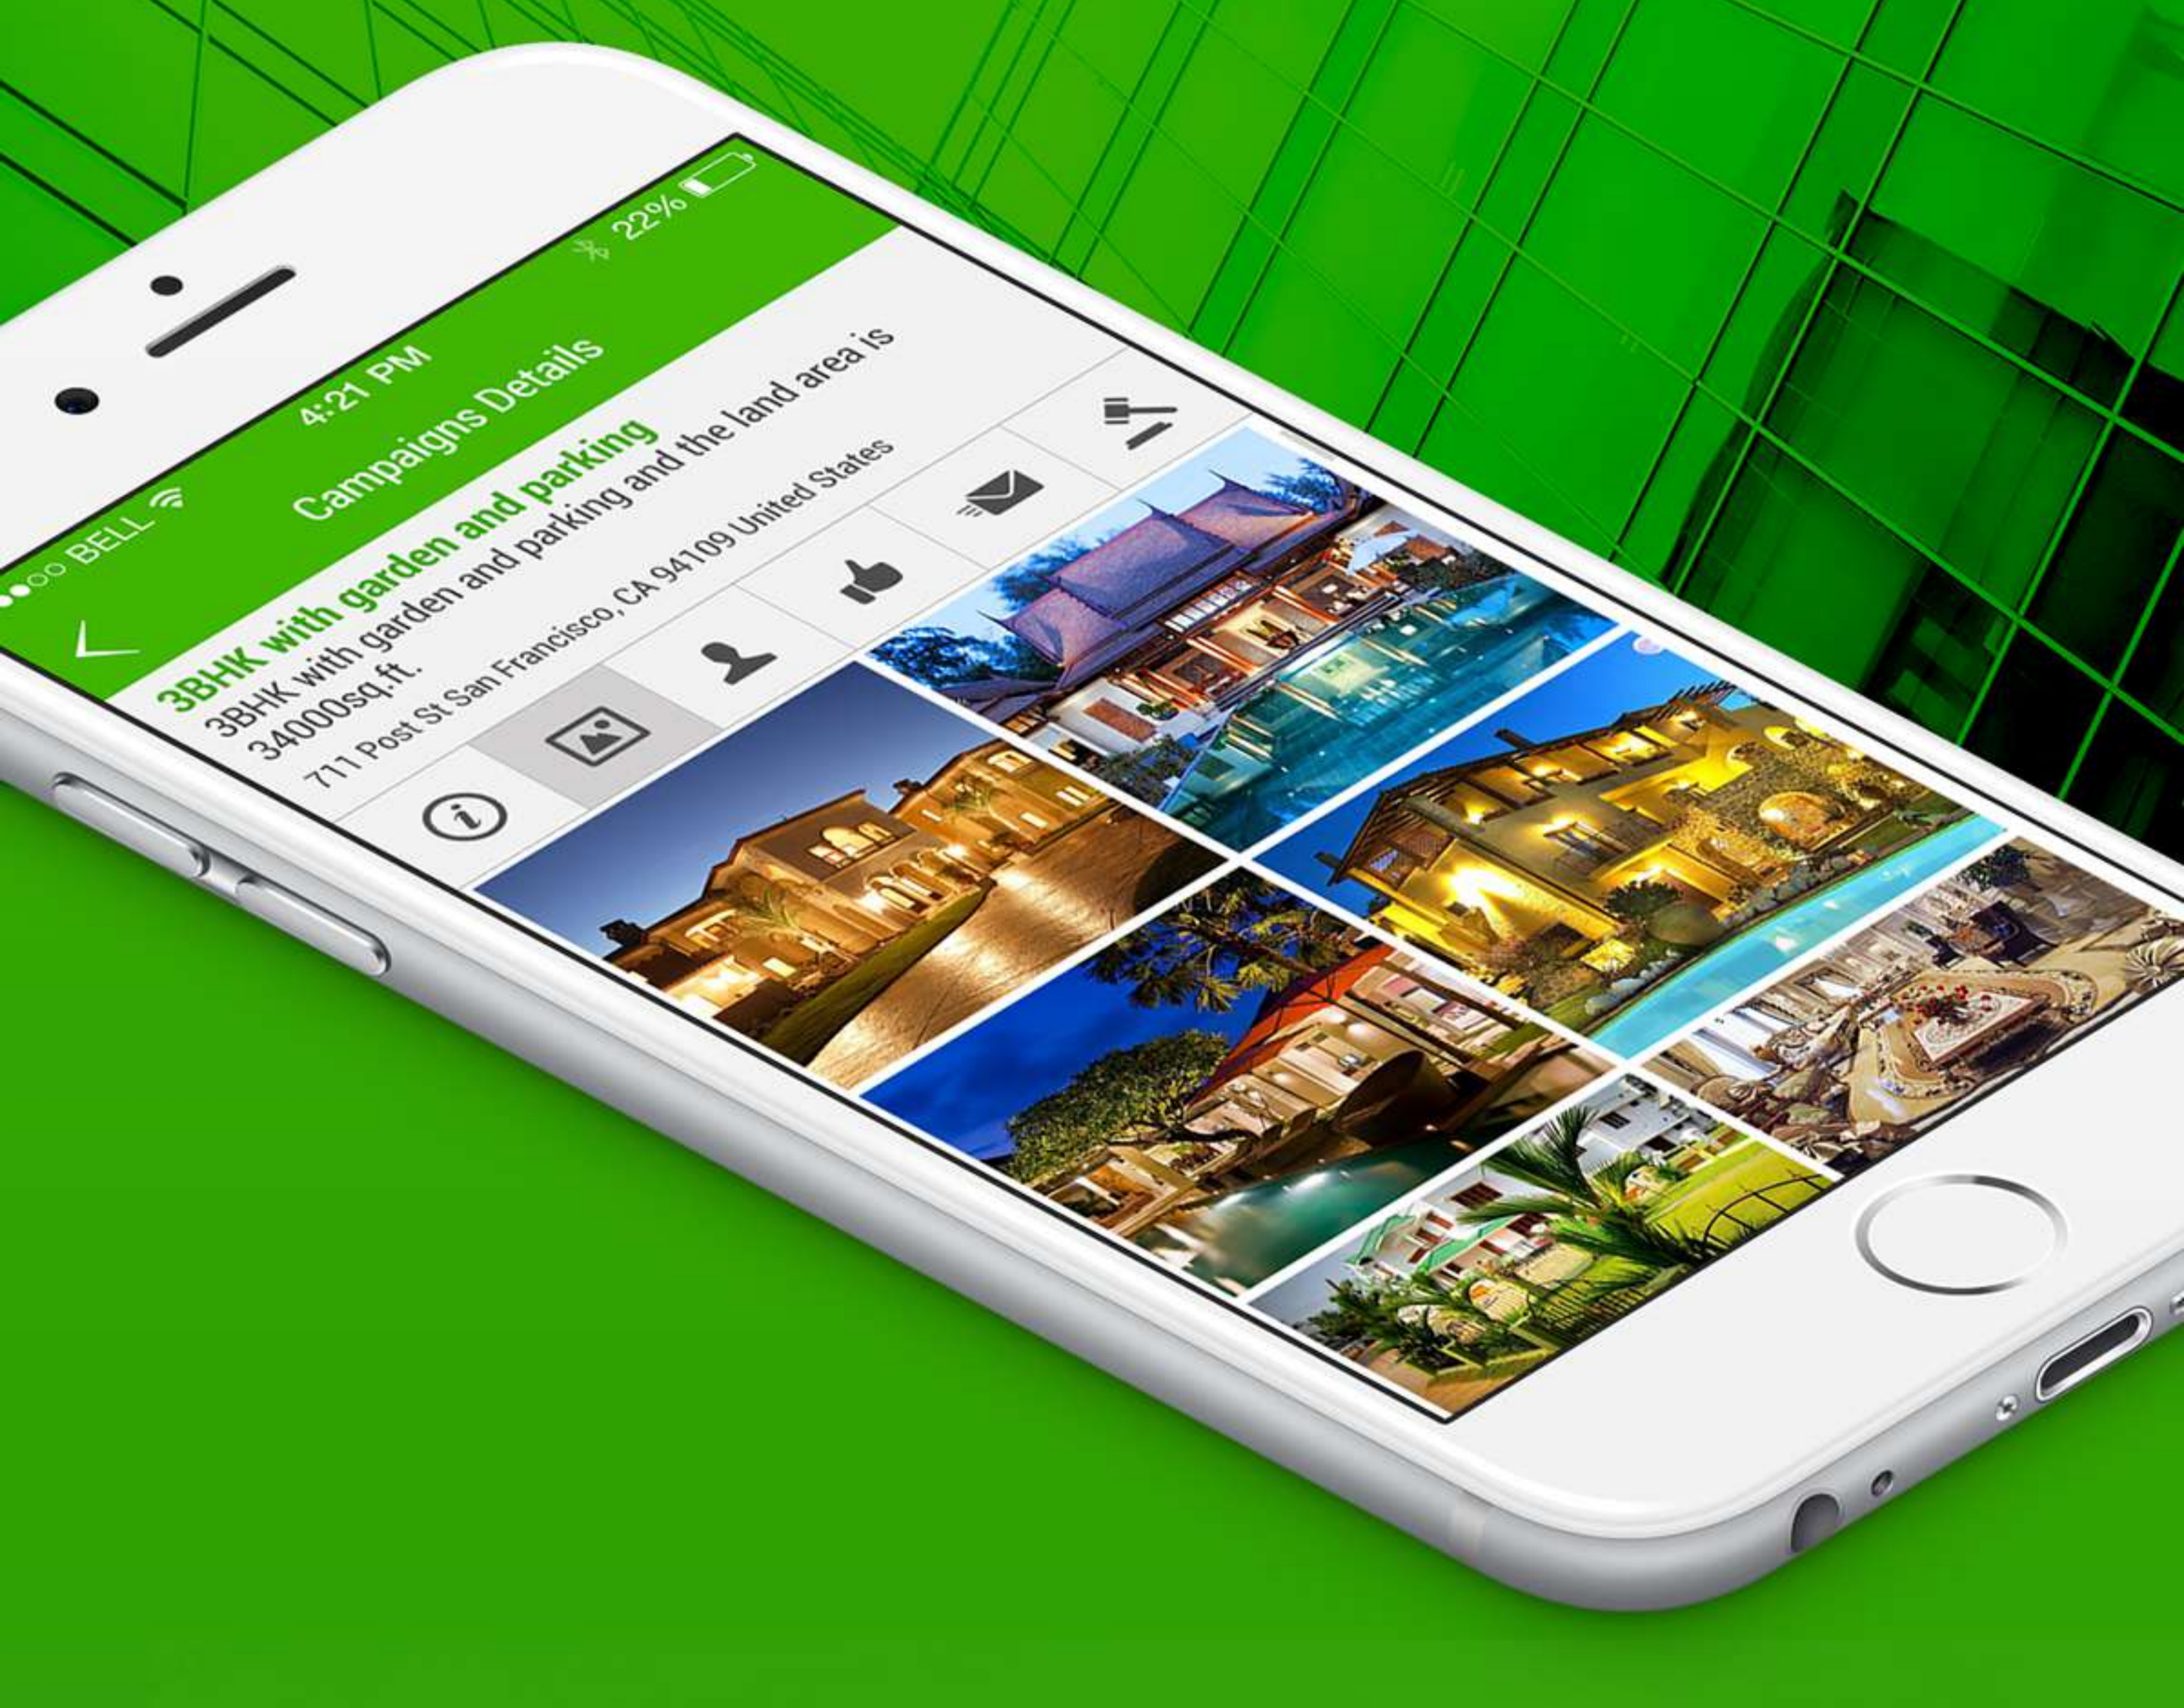

Agency Campaign

Agents qualify buyers and forward property details that match buyer's search criteria.

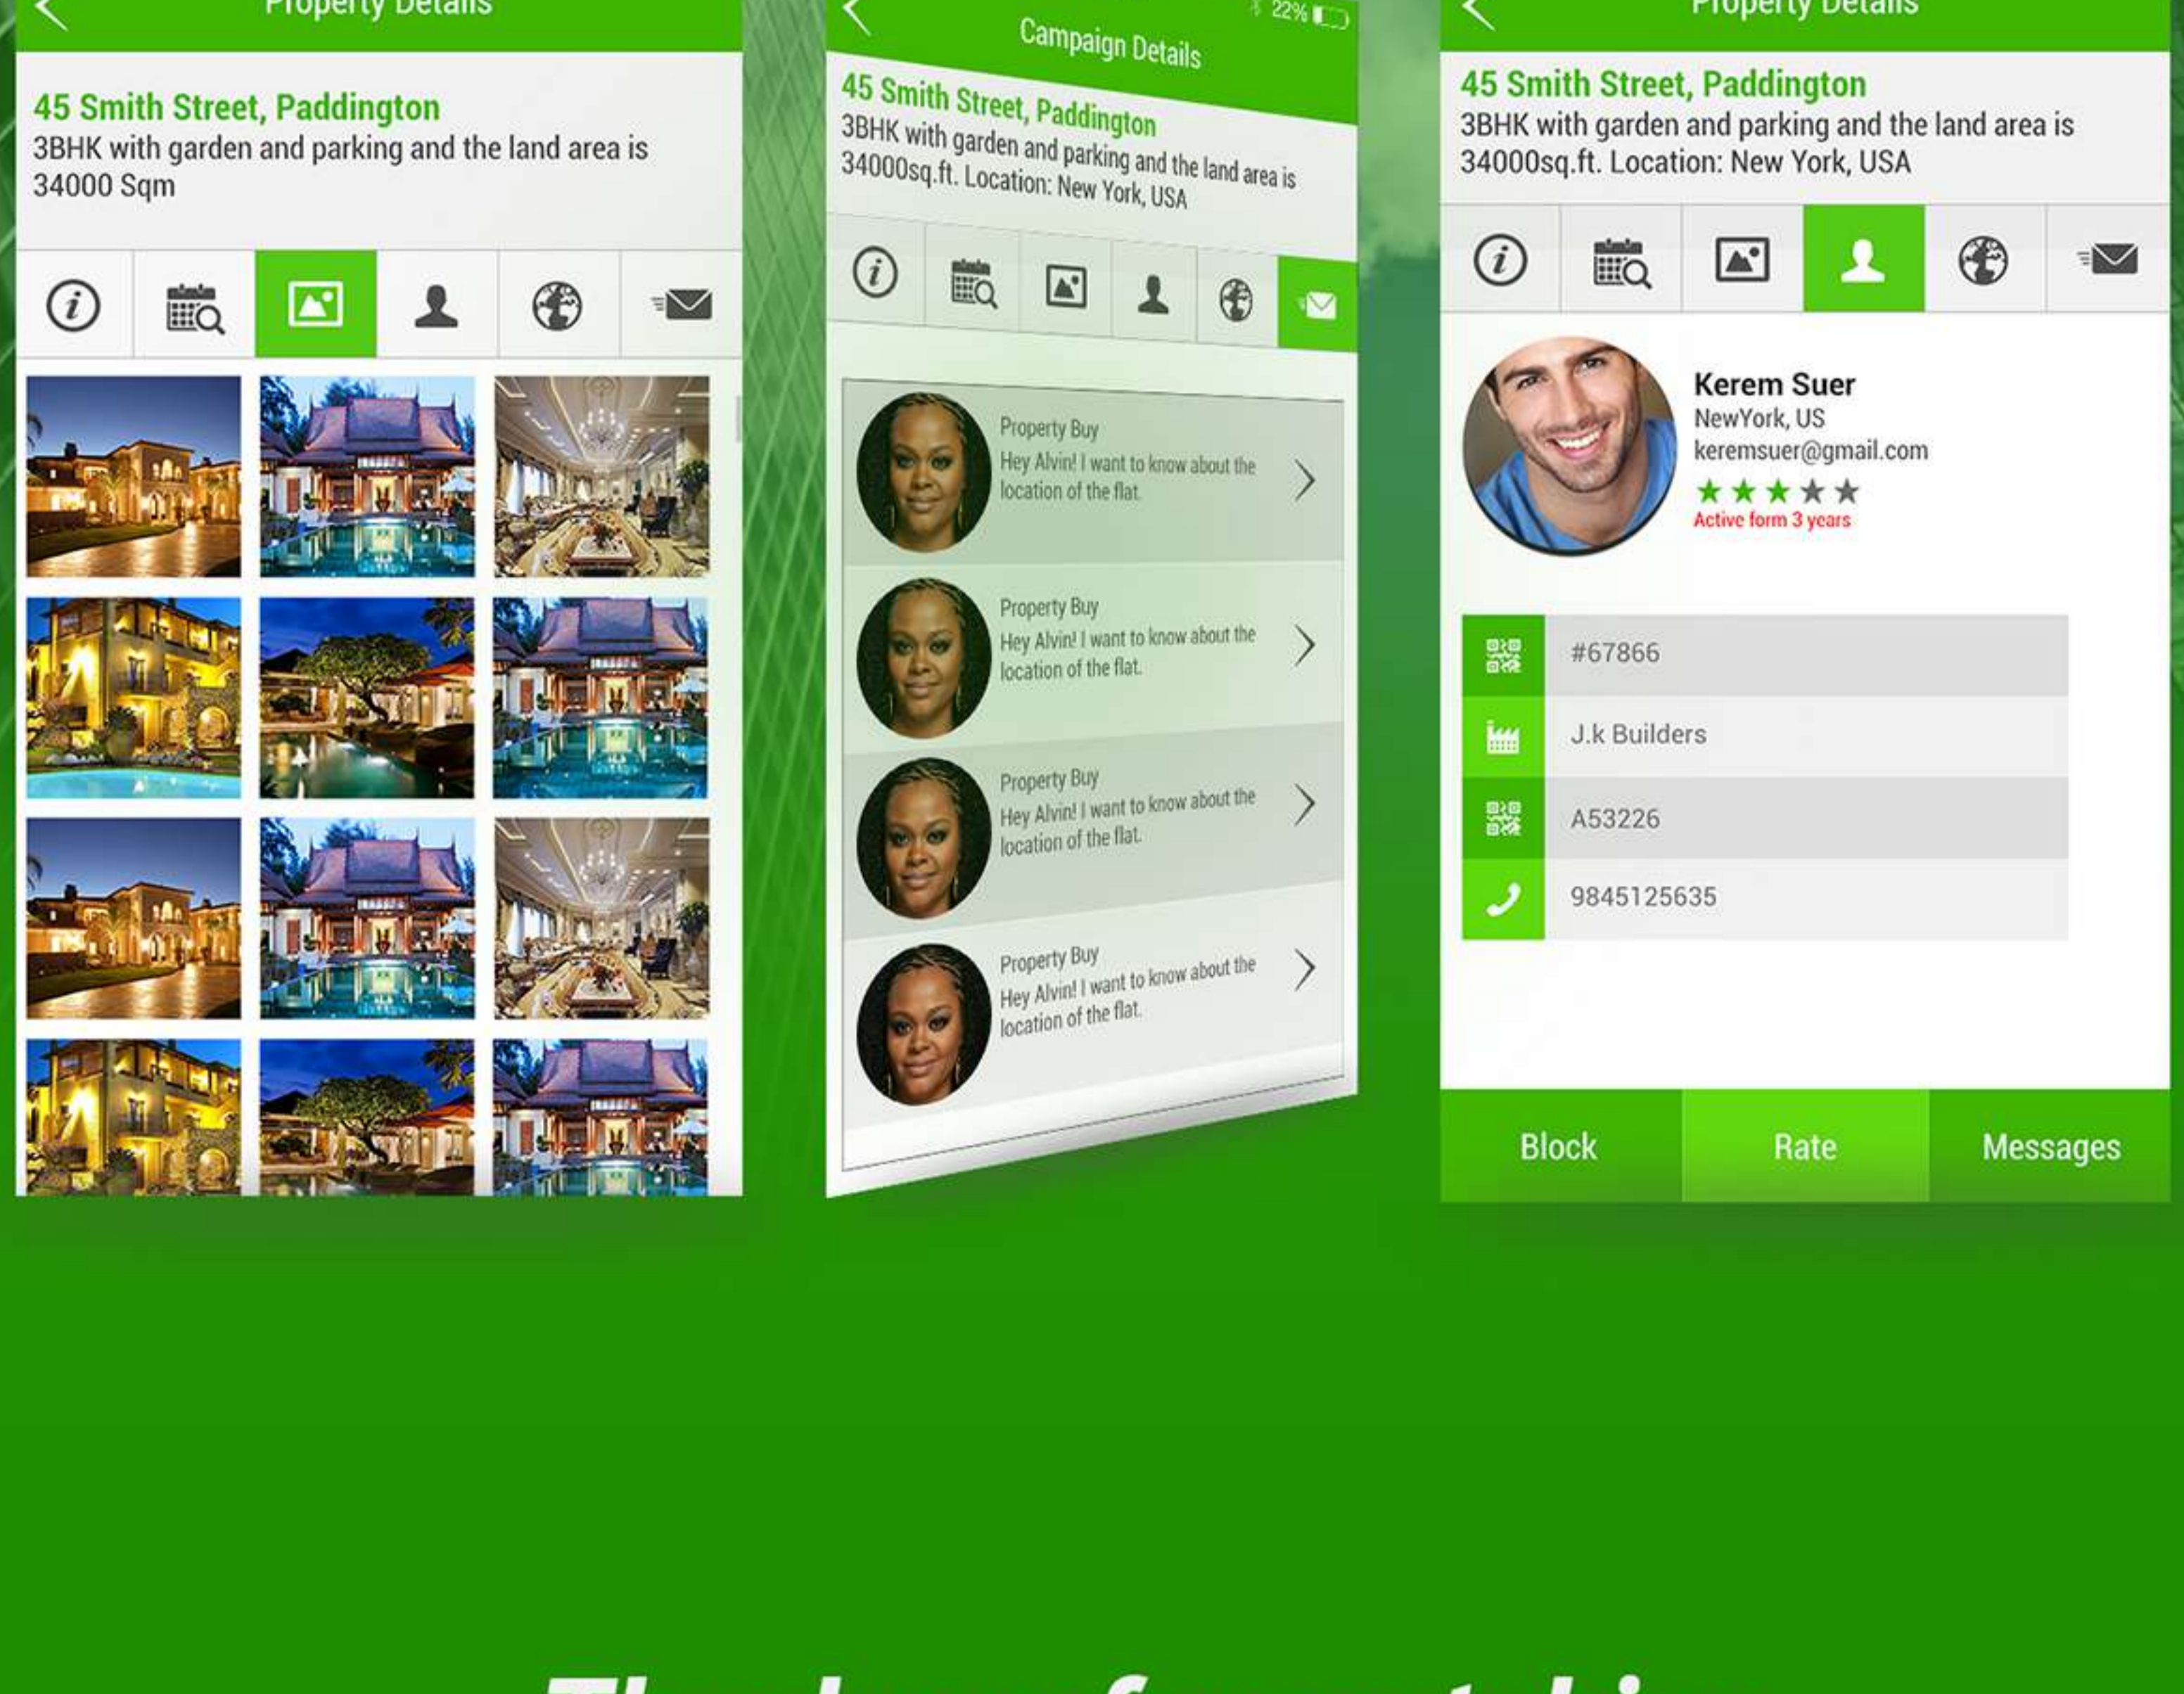

Campaign Details

Once interest is expressed communication is via either a public notice-board for each property (where video/pdf/document files maybe uploaded by the agent) or through a private real time chat system (for single buyer to agent communication).

Campaign Details

Buying Buddy reduces costs and saves time for both buyers and agents. The system notifies buyers of sales and buyers may search past sales in the system.
